3. Do not use books while solving the problems
4. Do the problems on paper/note book first.
5. Do not try to copy from others
6. Do the problems in an easy way.

Question: *Print the total number of non-decreasing numbers from 1000 to 9999. Non decreasing numbers have individual digits that do not have a decreasing order from left to right.*

(For e.g.: 1234 is a non-decreasing number where as 2134 is not)
